PRESIDENT PRONOUNCES ...

Respected teachers and esteemed colleagues,

It's a matter of proud privilege and great honor to address you as President of our prestigious society WZUSI. Language fails me in expressing my gratitude to every one of you for showering your love, affection and confidence on me to lead our beloved WZUSI this year.

My predecessors with their hard work and untiring efforts have already brought WZUSI to a very great height. With your guidance, help and active participation we, including my enthusiastic council assure you to work hard to raise the bar.

For any society to grow, active participation of young members is essential. I appeal to all of you to encourage youngsters to actively participate in WZUSI activities by becoming members, making presentations in scientific deliberations etc.

Our dynamic Hon.Secretary Dr.Ajay Bhandarkar in his message has already mentioned glimpses of our proposed activities for the year.

'Peace', 'Prosperity', 'Safety (medicolegal and physical)' and 'Transparency' should be the key words in our working as an individual and as a society.

Feel free to communicate with us with your suggestions for betterment of WZUSI.

Jai Bharat, Jai WZUSI

Lalit Shah,

President WZUSI,

Mobile: 9977701820

Email: drlalitshahraipur@yahoo.in

— HAPPY NEW YEAR —

SECRETARY SPEAKS ...

Dear Esteemed Colleagues,

Greetings from the office of Honorary Secretary, USIWZ !!!

I am happy to communicate with you through this first NEWSLETTER of current academic year, 2019-20, by our new team of USIWZ council. We are at the end of calendar year 2019 and looking at exciting time ahead in 2020. Many personal and academic plans must be in pipeline for every member/hospital/institutions.

We all are looking forward to a fabulous Annual meeting of our National society, USICON 2020 at Kochi, in January 2020. USI council and organizing team has put in lots of hard work and innovative ideas to make this event, the most memorable one.

Our USIWZ has almost finalized all academic events for the upcoming year. I am happy to inform you that, our new website (www.usiwz.org) and mobile application (WZUSI app) is completed and fully operational. I thank, Dr. Abhay Mahajan and all council members, along with Team Geneka Technologies, for making it very easy and convenient to use for all of us. I wish, everyone would make maximum use of it. We will continue to work on improving the services through this digital mode of communication. We have integrated our bank account for all registration and payment purposes. So all payment processes are simple and safe to use.

We also want to update current Database of our existing members and induct as many new full members as possible to our zone. There are many trainee members, who have qualified recently, but are yet to become full members of our zone. We will try to reach out to them and request them to be a full member of USI and our zone. I request all senior and active members to motivate their younger colleagues to join our zonal society. For any queries regarding membership process, you can contact/write to any council members or me any time.

Wishing you all a very, happy, peaceful and productive Happy New Year, 2020 !!!

Yours truly,

Dr. Ajay Bhandarkar

Hon. Secretary, USIWZ.

EDITOR ELABORATES...

Dear Esteemed Colleagues,

Greetings from the desk of Honorary Editor !!!

It gives me immense joy and pleasure to come up with the first NEWSLETTER of current academic year, 2019-20, on behalf of the new team of USIWZ council. The year 2019 is bidding all of us good bye and the new year, 2020 is peeping in.

At the outset let me acknowledge the efforts of outgoing editor, Dr. Rajesh Kukreja for all the hard work he has put in to reach out to all the members through the newsletter in last two years. He deserves every bit of appreciation and I would take this opportunity to thank him on behalf of entire west zone family for his dedication and untiring efforts. In fact he has made my job all the more difficult by establishing such high standards that are honestly difficult to surpass.

Next, let me thank our president Dr. Lalit Shah and our dynamic secretary Dr. Ajay Bhandarkar for entrusting me with this responsibility to create an effective means of communication between the council and the society with an intention to keep all our members updated with ongoing academic activities across the zone and any constitutional amendments or reforms.

As we all know, today is an era of digital communication and our new website (www.usiwz.org) and mobile application (WZUSI app) is a landmark platform created with the sole purpose to go digital. All the forthcoming newsletters shall also be accessible in E-format on our website & our app. I request every member to take the maximum benefit of it.

Lastly, let me take this opportunity to request every member to share any feedback so as to make the forthcoming newsletters all the more vibrant and effective....

Wishing all of you a very happy, healthy and meaningful New Year, 2020 !!!

Yours truly,

Dr. Rohit Joshi

Editor and Council Member, USIWZ.

*Happy
New Year*

COUNCIL CIRCULATES ...

1. Council has decided to announce **USIWZ Best Podium Prize Paper Session** during WZUSICON 2020 at GOA.
 - a. This session is open for all trainees in the field of Urology and Junior Consultants of less than 10 year of Post-Qualification experience. Society would like to encourage young talent and recognize the original work done by them with prestigious prize money and Certificate.
 - b. Member is expected to submit his abstract separately for this category of competition. Last date for submission of Abstract shall be announced well in advance.
 - c. This podium session shall be in Main auditorium immediately after plenary session.

2. Applications are invited for **MIUC Fellowship** from Full members of USIWZ below the age of 40 years. This prestigious fellowship is for any member willing to present his work at forthcoming International conferences. Members need to apply before 31st January 2020 to office of Secretary, USIWZ with full details. For eligibility criteria, visit our website.

3. A youth wing of USI in the name of **Young organisation of USI (YOU)** has been formed. Any full member of USI, less than 45 yrs of age or within 10 yrs of procuring MCh or DNB in Urology is eligible to be the member of this body. The objectives, benefits and the role play of the said wing would be deliberated in the due course of time. Members actively interested in joining this forum are requested to write to the central office of USI with all their details or to contact respective zonal council.

REPORT CARD - WZUSICON 2019 @ RAJKOT

Friends, it was a wonderful experience by all the faculties and delegates to attend WZUSICON-2019 at Rajkot.

First of all let us talk about the academics. The academics programme including live operative workshop was very well planned and thought off. National and international faculties like, Dr. Mahesh Desai, Dr. Sabnis, Dr. Janak Desai, Dr. Kandarp Parikh, Dr. Ajay Bhandarkar, Dr. Mallkarjun, Dr. John Densted, Dr. Aseem Shukla, and many more participated, in live operative workshop for Prostate Surgery, RIRS and PCNL of various types.

There was very active participation and interaction by delegates and faculties.

Audio - Visuals, timings, and theatre management was at par excellence.

On day two and three, the scientific programme covering almost all urological subjects were managed extremely well and local organising committee was extremely punctual about the timings.

Regarding socializing and non academic part, it was one of the best organized conferences in a wonderful ambience of a holiday resort.

All three days at night time there were entertainment programmes, especially local Garba by organising team and their spouses was worth appreciating.

During inaugural function a bollywood personality was invited as key note speaker, who could really entertain the delegates to their satisfaction.

The scientific and entertainment programmes were arranged in a state of the art auditorium. And all throughout the conference days every faculty and delegate felt at home as local organising team lead by Dr. Jitendra Amlani, Dr. Sushil Karia and Dr. Vivek Joshi, and Dr. Amish Mehta took personal care of each and every delegate.

Inspite of heavy rainfall, throughout the conference there has not been a single incidence where any one could say there was any problem.

Trade exhibition area was very well covered and centrally air conditioned. All exhibitors were highly satisfied and happy.

With this again I would say that Dr. Jitendra Amlani, Dr. Sushil Karia, Dr. Vivek Joshi, Dr. Amish Mehta and their team have done a commendable job with Kathiawari hospitality during the WZUSICON-2019.

They all deserve appreciation and congratulation.

WINNERS TAKE IT ALL ...

Video Sessions:

Laparoscopic ureteroneocystostomy with psoas hitch and transureteroureterostomy for bilateral lower ureteric stricture

Department of Urology Goa Medical College

Dr. Chitale Travelling Fellowship Quiz:

First Prize

Dr. Chetan Kulkarni

Second Prize

Dr. Preetam Dev
Dr. Mekhala Naik

CHARITY BEGINS AT HOME....

As you all know that GIR Forest, the Last Home of Asiatic Lions, is one of the most sought after tourist attraction when you visit Saurashtra. Organizers of WZUSICON 2019 were also keen to arrange a Tour de Gir for the delegates but it was not possible as the forest was closed during the rainy season and it was the mating period of big cats .

To overcome the deficit Dr. Sunil Moteria, one of the organizers , and a member of Nature Trackers Group, created a virtual Tour de Gir, by setting up an exhibition gallery of photographs captured by the naturists. It garnered a huge interest from delegates and spouses all through the conference.

OBITUARY

We regret to inform sad demise of one of our senior member, Dr. SM Hastak, Jabalpur on 30'th October, 2019. He was instrumental in organising WZUSICON at Jabalpur. He was thorough gentleman and great leader.

USIWZ conveys heartfelt condolences to bereaved family for irreplaceable loss.

UROCOMMUNICON ... COMMUNICATE TO CONQUER ...

USI – in its ongoing initiative to organize non-urological subject CME, this time organized conference dedicated to communication skills. It was one & half day CME held at Lady Hardinge Medical college auditorium on 30th November & 1st December 2019.

On day 1 – first 2 talks were by invited lectures by communication experts – Art, craft & science of communication & professional jousting. These 2 talks set the ball rolling. It was a surprise to know that, while communicating, apart from verbal communication, other things like, body language, appearance, manner rather than content of talking are more relevant. Several scientific studies were shown with examples. Professional jousting – gave insight how we unknowingly send wrong messages.

Session on legal communication invited lot of audience participation. What to communicate & what not to communicate during consent process, how to speak in court of law & once you get legal notice, whom & how to communicate – all this was very informative.

Prescription errors were highlighted aptly. Some of errors were eye openers. Communicating during second opinion was very nice talk. What are different communication problems during second opinion were discussed. How to protect first person, how to instill confidence in patient, what way to communicate was very interesting.

Inauguration was done at the hands of Shri Harivansh Narayan Singh – deputy chairman of Rajya Sabha, who performs every day task of controlling members of Rajya Sabha. He gave very nice talk on, how communication in present era is important & how one can master it. Shri Ashwini Chaoube who is MOS – health ministry was guest of honor. Dr. Ajaykumar spoke on behalf of NBE.

Post lunch module was organized in co-ordination with NBE. Dr. Mrs Shishta Basu & Dr Sitanshu Basu took charge with their dedicated team. In this long session, several aspects of communication were discussed, like how to make effective communication, How documentation is important & is part of communication. Lecture on how to break bad news was very informative. It is great skill to tell, sudden death has occurred or major complications have occurred – which were not expected. Several steps were explained – how to communicate. Audience also shared their views – how they overcome the situation. Over all it was very nice to know how seniors & experienced, have tackled this situation. Some experiments were done with juniors as participant – to explain problems of communication errors. Overall this session was very informative.

Day 2 was started with burning problems in today era – communication on telephone & social media. These are double edged swords – hence what to communicate – one has to be careful – without crossing legal limits at the same time, helping the patients. Actionable errors in communication was very informative. Knowingly & unknowingly, we communicate so many things & some of them can be actionable errors in communication. Next was interesting interview of Mr Ravish Kumar of NDTV by Dr Ajay Kumar. This interview invited huge audience participation. Ravish Kumar felt the need of doctors to write blog & do effective communication in print & electronic media to avoid one sided media news which often is against the doctors. Next talk was on what common expects communication from doctors- some of these were small expectations, but never think from that angle. Then was case studies, 4 real life cases were presented & discussed. All cases were very interesting, where urologists landed with some problem due to communication problems. All experts advised what to do in those situations & each case gave message to the audience. Open forum was opportunity for people to ask any questions to faculty.

All delegates were very happy & found it to be useful. Several new skills were understood. NBE officials were very happy that, USI was first national association to have associated with NBE to have such sessions. They hoped that many other associations will come forward to have similar programs.

Like last 2 CMEs even this CME was low budget, no frill conference, there were no stalls, no pharma advertises, simple food, no kits, no memento etc. Dr. Anil Goyal & Dr Anup Kumar Gupta provided local hospitality & organized event very well.
